DALI

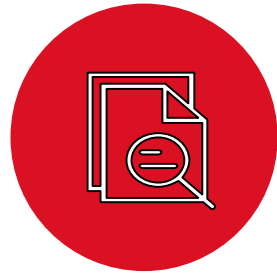

Your solution for public space management!

DALI: Your solution for public space management!

DALI enables a project-based program of requirements for a new outdoor space possible in no time. All underlying documents such as standard detail drawings, principle profiles, policy notes and media files can be opened and used directly from the application. DALI is a unique concept worldwide. Outdoor space management has never been so accessible!

Caribe Building Systems

Constructing your dream!

Caribe Building Systems: Constructing your dream!

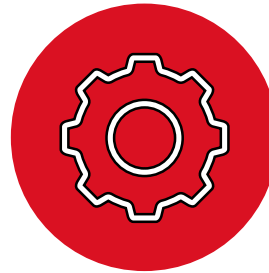

Light steel framing technology, also known as cold-formed steel structures, is a construction technique that is already used worldwide. In Europe, especially in Belgium and the Netherlands, steel constructions are gaining in importance. This method undoubtedly has many advantages.
